SUMMARY & HIGHLIGHTS:

Over 35 years of theatrical production experience and over 25 years in professional digital media production. Co-Producer/Director/DP/Editor of "Salt 'n Sea Sportsman," a 13-week SportsChannel cable series on world-class sport fishing, and 40-weeks of mini-segments (2-3 minutes) for their NEWSPORT's Journal daily news. Freelance: Producer, Director, DP, multi-camera/studio/field production, post-production, and script writing.

EXPERIENCE:

InnerGate Entertainment, LLC, Cranford, NJ *CEO* 2006 – Present

Executive Producer of feature and TV projects, working in association with multiple independent production companies to fulfill their funding and production requirements to achieve their project goals. A varied slate of animation and live action features for major motion picture and TV releases is under our representation for contract and development.

Video Arts Systems & Technology, Inc., Brick, NJ *President & CEO* 1987 - Present

Digital media production services, media delivery, and consulting. Company was Consultant of Record for City of Philadelphia's Office of Cable TV under multi-year contract. Other clients include Sony National Training Center, Princeton University, AT&T, DuPont, Connoco Oil, Comcast Cable, and many others.

rMediaEvents, Inc., Pt. Pleasant, NJ *CEO* 2004 – 2007

Producer, Director and DP for production company specializing in HDV digital production and green screen studio technology for film, video and Internet projects.

Cinegram Media Inc., Summit, NJ *Operations Manager* 1997 - 2001

New Media and content publisher for which I oversaw production of interactive CD-ROM titles for major retail distribution: *Norman Rockwell:The Man & His Art, The Amistad Incident, OpSail2000 Edition of Tall Ships* and a host of exclusively licensed products. Developed and implemented strategies to bring titles from retail stocked CD-ROM distribution to online, interactive streaming application delivery.

Cranford Public Schools, Cranford, NJ *Teacher, TV Production* 1995 - 1997

Taught 3 levels of TV Production at Cranford High School. Achieved the most requested elective course by the student body. Established Cranford Schools Network (4-hours of daily programming on local TV-35 cable channel) featuring monthly district activities, special event multi-camera programming.

Active Circuits, Inc., Wall, NJ *President* 1989 - 1992

Co-founder of software/hardware developer of imaging products distributed internationally for *Amiga* computer. Premier product *RasterLink™* was the first to use 24-bit color imaging for 3D rendering and cross-platform conversion. Prominent 3rd party developer for *Commodore Amiga*, also registered developers for *Truevision, Lasergraphics* and other manufacturers.

Cerex Marketing, Inc., Asbury Park, NJ *National Sales Director* 1982 - 1987

Starting as a sales representative for this well-established exposition advertising firm, my success at developing and marketing new shows contributed to rising to National Sales Director of this 35-year old firm, with offices in the famed Asbury Park Convention Hall.

EDUCATION: Webster University, St. Louis, MO 1968 - 1972

B.A.; Theatre Major (Acting and Directing), English and Music Minors.
